

## Open House at Moscow

LACKAWANNA AND WYOMING VALLEY CHAPTER NRHS

---

## Open House at Moscow Station Marks 100th Anniversary

View from cupola of caboose

**The station was open on July 31 and August 1st. This was done to mark the 100th anniversary of Moscow Station. The Chapter operated a table at the Moscow County Fair, a short distance away, and directed interested parties to the Station.**

Caboose on display at Moscow Station

**GVT Rail System Caboose #4810 was on display at Moscow Station on the run around track.**

Closeup of caboose

**This caboose was formerly a Lackawanna Railroad caboose. It was built from an old steam tender frame and was assembled at the Keyser Valley Shops. Thus the caboose has a local connection.**

Looking out the cupola down the old Pocono Main at the freight house.
